# SPECIAL LOAN FOR GREAT BRITAIN WAS SPONSORED BY WILSON

Empire to Strengthen American Competition.

(The following is the fourth article of an exclusive series by the Universal Service revealing the inside story of the foreign loans.) By Universal Service.

Cumulative evidence to bear out the conclusion that loans were made to Great Britain to enable her to return to normalcy and compete with American export trade is cited in the report now before the Senate Judiciary Committee on this government's foreign loan status.

The report was compiled for the committee from official Treasury Department records and data turned over to the committee by former Sec retary Houston in connection with an investigation of the loans.

Extension of a special credit Assistant Secretary of the Treasury A!bert Rathbone, in charge of foreign loans, to Oscar T. Crosby, special United States finance commissioner in Europe, on December 18, 1918.

#### Only a Starter.

# HERE'S OPPORTUNITY TO GET FAMOUS GEMS

American collectors of historic gems have their opportunity now. The famous earrings of emeralds and diamonds presented to Empress Josephine by Napoleon are on sale in a New York jewelry house. In one photo the gems are seen adorning a New York model; in the other, worn by the beautiful empress herself.

follows:

one of the two principal unknown factors making the forming of an esti-mate difficult was "the date at which \$250,000,000 to Great Britain to tide her over until normalcy was restored to revive to its normal dimensions."

He added:

"Even after industry is fully reestablished an interval must necessarily elapse before the recovery is reflected in our export returns. "In point of fact, the revival will, of course, be gradual, and some relief may be expected before June, 1919, but a normal state of affairs can hardly be reached before the end of the year.

Request Rejected.

Assistant Secretary Rathbone, on December 31, 1918, wrote Sir Hardaman, rejecting this request for an adretary of the Treasury that the dol- ditional \$50,000,000. Worldwide Scope of Petroleum Activities Shut Out U. S., Says Woodhouse.

Author of "The Struggle for the World's Oil Resources," the Text-book of Military Aeronautics, the Textbook of Naval Aeronautics and other notable volumes.

#### By HENRY WOODHOUSE.

It will startle the American public to learn to what an extent British world-wide oil monopoly is backed, not only by the enormous British imperial government power and resources, but also by the largest British national banks, and British-controlled international banks whose resources aggregate over \$10,000,000,000. There is an interlocking co-operation by shipping, railroad, coal and steel interests to gain control of the world's oil supply.

British on Alert,

Whenever there are prospects of adding to the oil monopoly, the British government acts, either direct, through the oil corporations, of which the British government owns the stock control, or through their direct subsidiary oil corporations or through their diplomatic corps, or through one or more of other governnent-controlled or subsidized groups, such as the banking interests, the shipping interests, the railway interests, the coal interests, and other British commercial interests

under government control. The British admiralty and war ofof his majesty's petroleum depart-ment and the Anglo-Persian Oil Company and other government-controlled oil corporations, and when the industrial corps needs assistance in convincing the government of a small country, like Costa Rica, for instance a battleship is sent to add strength to the demands and bring the negotia tions to a swift conclusion.

Huge Bank Backing. I mention Costa Rica because it appears that a report has been made with British oil concessions in Costa Rica under the brief Tinoco regime. It appears that the British were again alert to the opportunity of establish to get them quickly, sent a battleship of Costa Rica to enforce the oil con-

If Weak, Thin or Rundown Try This New Treatment in Tablet Form-Watch the Quick Results.

Everyone has heard of the apparent wonders performed by yeast in restoring thin, sickly, and run-down people to health. And now it is found that even more surprising results are brought when yeast is taken with iron, the great blood-builder.

yeast is taken with iron, the great bloos-builder.

People who for years were weak, pale, anaemic, and all run-down are regaining their strength and health almost as if by magic through this remarkably effective combination or tonics. And the best of it is that you can take it in pleasant tablet form—no meed to eat yeast cakes, which are so disagreeable to many.

The preparation in which these two great health builders may been combined is known as Ironized Yeast. This contains highly concentrated brewer's yeast which is far more effective than ordinary baker's yeast because it is richer in vitamines. Vitamines, as we all know, is the mysterious element which Science has found to be so absolutely essential to health. Due to modern methods of feed preparation vitamines are lacking in most of our commonest foods—and that is why so many of us become sickly and run-down.

If you are suffering from loss of strength, if you frequently become exhausted, if your feed has no taste for you, or if you are irritable, thin, pale, nervous, or generally run-dewn, then try this remarkable new tonic.

Ironized Yeast will in most cases bring a decided imprevement within three days. It will usually clear up sallow or muddy complexions within ten days. From everywhere come enthusiastic reports of what it is doing for people.

It is packed in patented Sani-tape packages and will keep indefinitely. Its cost is no more per dose than common yeast. Each package contains 10 days' treatment and costs only \$1.60—or just 16c a day. Special directions for children in each package. Made by the Ironized Tenst Company, Atlanta, Ge.

Greek Princess Among Speatstors-State Fails to Inoriminate Defendant.

VERSAILLES, Nov. 10 .- With a pose of hyper-gentility and gallentry as his shields of defense. Henri Landru, called the "Bluebeard of Gambais," on trial for the alleged murder of ten women and a boy, today continued to parry the cross-examination there by the procession and trial thrust by the prosecutor and trial judge when the case was resumed. judge when the case was resumed.
Accounting for the strange collection of household goods, brought into court from his little cottage, by stacement that he was a second-hand dealer, and refusing to tell what became of the women he dealt with not even to save his own head from peril—Landru held it would be the acme of discourtesy and breach of confidence to tell anything about his "women customers," and so informed the court.

## Doctor at 82 Finds Mothers Prefer His Formula to New-Fangled Salts And Coal Tar Remedies for Babies

Judgment of 1892 vindicated by world's approval of Dr. Caldwell's Syrup Pepsin, a simple vegetable compound for constipation—So safe thousands give it to babes in arms—Now has largest sale in the world.

WHEN a man is in the 83rd W year of his age, as I am, there are certain things he has there are certain things he has learned that only time can teach him. The basis of treating sickness has not changed since I left Medical College in 1875, nor since I placed on the market the laxative prescription I had used in my practice, known to druggists and the public since 1892, as Dr. Caldwell's Syrup Pepsin. Caldwell's Syrup Pepsin.

Then the treatment of con-stipation, biliousness, headsuperion, billousness, headaches, mental depression,
indigestion, sour stomach and
other indispositions that result
from constipation was entirely
by means of simple vegetable
laxatives, herbs and roots.
These are still the basis of my Dr. Caldwell's Syrup Pepsin which is a combination of Egyptian Senna and other mild laxative herbs with pepsin.

Recently new medicines have been brought out for constipation that contain cal-omel, which is mercury, salts of various kinds, minerals, and coal tar. These are all drastic

purges, many of them danger-ous, and the medical profession

er of Dr. Caldwell's Syrup Pepais

is warning the public against them. Certain coal tar products will depress the heart; certain salts give rise to intestinal poisoning, impaction and rupture of the intestines. If grown peo-

ple want to use them no one can deny them the privilege, but they should never be given to children.

The simpler the remedy for constipation, the safer for the child and for you, and the better for the general health of all. And as you can get results in a mild and safe way by using Dr. Caldwell's Syrup Pepsin, why take chances with pills and powders and strong drugs, even if disguised in candy? My remedy, too, costs less than most others, only about a cent a dose. A bottle such as you can find in any drug store, will last a family several months, and all can use it. It is good for the babe in arms because pleasant to the taste, gentle in action, and free from narcotics. In the proper dose, given in the directions, it is equally effective at all ages. Elderly people will find it especially ideal.

The formula of Dr. Caldwell's Syrup Pepsin is on the cover of every bottle, and the ingredients have the endorsement of the U.S. Pharma-

\$10,000 Worth of
